FOR SERVICES RENDERED

October 2012

**Talc safety reviews**

**Regulatory Support**

- Researched scientific literature for studies on path. lab./hospital contamination with dust containing minerals that could contaminate tissue samples.
- Completed further review of CIR Scientific Literature Review for issues raised by epidemiologic studies.
- Completed CRE comments on CIR Scientific Literature Review (21 pages) and submitted to CIR and sponsor.
- Discussed strategy for comments and participation in December meeting with sponsor and other industry representatives.
- Reviewed expert witness reports in S. Dakota litigation for issues and literature that should be presented in CRE comments.
- Discussed strategy for preparations for, and participation in, December CIR Expert Panel review (1<sup>st</sup> stage) with sponsor.
- Reviewed CIR procedures again with special attention to recording of Expert Panel discussions at public meetings and opportunities for participation.
- Reviewed IMA-NA and PCPC comments to CIR.
